

BERNESE MOUNTAIN DOG CLUB OF ONTARIO

ELECTION OF 2009 EXECUTIVE

Biography of Pete Sorrill (Nominee for Director – Ontario East)

I'm asking for your support as Director for Ontario East to step up my involvement in the BMDCO. I have been a member in the club for the past seven years ever since Vader's big paws came into Tracy's and my lives. It has been a privilege to be a part of this network. We are currently members of the Events and Education Committee. We've both helped out at many of the club events each year including Fun Day, "Barks By the Bay", "Dog Days of Scugog", BMDCO Specialty, and "All About Pets". Both of our Berners, Padmé and Vader, are actively involved in club carting activities.

My goal as a Director will be to help increase the very involvement in this club that has helped me work with our own two Berners. Only through attending and helping out when you can, do you get a feeling for how great the support for Bernese owners is from the members of this club. It takes so little time and effort to reach out and become an active part of the club, but the friends to be made within this club can share invaluable knowledge of how to work with and understand these great companions.
