

## **BERNESE MOUNTAIN DOG CLUB OF ONTARIO**

---

### **ELECTION OF 2009 EXECUTIVE**

#### **Biography of Sandra Graham (Nominee for Director at Large)**

I have been owned by a Berner since 1992, and joined the Bernese Mountain Dog Club of Ontario at its inception. I signed up at a fun day in Caledonia and still have friends and happy memories from that event. That is one of the reasons as a BMDCO director I support all events for all members. I currently serve as a director at large and as the club's constitutional "watchdog." I have been on the specialty committee since 2005, and proudly took on the role of Obedience Chairperson for the 10th Specialty held last year. An activity that I get a lot of joy sharing with my dog is Rally Obedience. I have been pleased to share the joy with club members at fun days and the specialty sanction match which qualified us to hold rally trials at future events.

Thank you to all club members who share their knowledge of agility, behavior, breeding, canine good citizenship, carting, conformation, freestyle, grooming, health, herding, obedience, therapy, tracking, training, and all other activities that enhance our relationships with our dogs. Thank you to all who support the ways and means which allows us to feed our obsession with precious breed specific items. I specifically want to encourage those who contribute to the Berner Tracks newsletter and the club web site, vehicles that keep us communicating. Thank you for supporting your club by donations of time, talent and raffle prizes! I support all of the club members in whatever endeavours they take on, and I thank the members who support me as I seek to continue to serve the club as a director at large.

Respectfully submitted by Sandra Graham
